(Prices Subject to Change)  
Fall 2023

# The Bound to Stay Bound Difference

## Picture Cover Plus™

BTSB Picture Cover Plus™ is imprinted with the title's original artwork. The blurb from the jacket is printed on the back cover. A protective high tack gloss lamination is applied to further enhance protection, assure increased circulation, and making it surface washable with disinfecting wipes.

## Cover Material

Our durable KidProof cover material is a nylon reinforced, latex-saturated material specially designed for BTSB. This material exceeds the LBI specification even before it is laminated. No other company uses this material.

## Library Corners

All cases are made by using library corners. A double fold of our cover material on both sides of all four corners reinforces the book corners and protects against fraying, bending, and turning, which assures greater durability and longer life. This causes the corner of the cover to appear to be a bit rounded.

## Back Lining

All back lining extends down the side of the book onto the pages 1" on each side. It acts as a bumper or "bearing" between the book and the cover.

## Inspection Seal

Every Bound to Stay Bound book is hand-inspected to ensure the highest quality and craftsmanship before receiving the gold seal on the inside front cover.

**Our goal is to keep books off the repair/replace pile and keep them in the hands of your patrons. Spend your budget money building a library collection instead of replacing books.**
